

## Homework Support

At Thornaby Academy, we are committed to providing a quality learning experience for all students so that they are able to be successful, lifelong learners. To enhance the learning experience, we are making some important changes to improve Homework provision during and after the school day.

We know that students who complete Homework regularly and to a high standard make much faster progress than those who do not. We want to recognise and reward students who do this, but also provide additional support for those who do not.

Last year, we introduced the **Show My Homework** online platform so that students and parents can keep track of Homework, prioritise deadlines and view progress. To complement this, we are running **Homework support sessions** during lunchtime and after school. These will be led by Mrs Griffiths, Assistant Principal of Teaching and Learning.

Teachers will track Homework closely to trigger a reward for completion or intervention for additional support for students. Students will be expected to attend all H3 or H4 interventions and we would appreciate parents and carers' support in encouraging students to attend.

The helpful guide below shows you how we will support your child's Homework to help them make accelerated progress.
