

## Curriculum Statement

### WJEC Event Operations

**KS4:** Year 11 to follow WJEC Event Operations course.

The WJEC Level 1/2 Vocational Award in Event Operations has been designed to support learners who want to learn about the vocational sector and the potential it can offer them for their careers or further study. Each of the units has been designed so that knowledge, skills and understanding are developed through tasks that have many of the characteristics of real work in the sector. Each unit has what is referred to as an applied purpose which acts as a focus for the learning in the unit. They have been devised around the concept of a 'plan, do, review' approach so that learners take part in practical activities in different contexts in order to learn the related theories. This approach mirrors many work related activities in the events sector and also provides for learning in a range of contexts. As such, the qualification provides learners with a broad appreciation of work in the events sector and wider opportunities for progression into further education, employment or training.
